### Welcome Class of 2014!

On August 10, 2009, KIPP University Prep High School opened to the first 9<sup>th</sup> grade class – the class of 2013! Our pursuit in our first year has been simple: prepare each one of our scholars for college every day.

Now, with the spring semester approaching, we are excited to add a new class to the KIPP High School Team and Family! This is the first of what will be bi-monthly newsletters in order to inform you, our extended and future KIPP Team and Family about our high school, upcoming information meetings and the enrollment process.

### What KIPP University Prep Offers:

At our KIPP high school we offer a challenging and fun curriculum in a safe and structured school environment. KIPP scholars take advanced courses in Math and English, Spanish, History and Biology. Scholars may also choose from the following electives for the upcoming school year: Robotics, Band, Journalism, Creative Writing, P.E, Service Learning, and Technology. At KIPP University Prep, all scholars have the opportunity for a professional internship in the summer and end of the year trips. This year's trip will be an adventure camp in Colorado with visits to colleges.

### High School: A new experience!

KIPP University Prep focuses on the same ideals as KIPP Aspire such as "Work hard. Be nice. No Excuses!" Our scholars enjoy a challenging athletic program and social activities such as pep rallies and dances. In addition, our scholars have built a unique partnership with Keystone School in order to serve our community.

### How do I get more information? How do I apply?

#### Information Meetings:

January 21 – KIPP Aspire Report Card Night (Aspire)  
January 29 – Pizza with the Principal (KIPP UPrep)  
February 16 – Parent information meeting (KIPP UPrep)  
February 23 – Enrollment night (Aspire)  
February 27 – Pizza with the Principal (2007 W Commerce)

#### Applying:

Completing the application for the high school is simple, and can be done at KIPP Aspire. Applications are due on February 20, 2010.

#### Would you like more information?

We would love to share more about KIPP's first high school in San Antonio. Please do not hesitate to call!
